b. Thirty officers at a time will be assigned to watch duties. Having a limited number of qualified officers standing the watch will ensure Watch Officers remain up-to-date on watch procedures and NAVSEA policies that affect the Watch.

c. OOW's will rotate off the Watch Bill once they attain the required number of points under the watch point incentive system discussed in paragraph 6 and as officers are promoted to Commander the month following their assigned watch.

The Head, Military Personnel Services is responsible for administration of the Watch Officer examination.

f. The Head, Military Personnel Services will maintain the master list of all officers eligible to assume the watch. As officers report onboard, their names will be added to the end of the list. As officers detach or promote, their names will be removed from the master list without changing the order of the remaining officers on the list. The order of names on the list will not be changed under any circumstances. This master list will be used for both the regular Watch Bill and the Stand-by Watch Bill ("Buck List").

g. The stand-by watch list will come from the names already assigned watches in a given month. Stand-by watchstanders will be designated in priority order. Whenever possible, no officer will be required to stand successive watches. If in the normal rotation such an assignment occurs, the Head, Military Personnel Services will exchange the officer's name with the next officer scheduled for stand-by watch.

h. Sufficient names are maintained on the watch list to permit relief assignments for officers unable to stand their duty because of detachment, sudden illness, unavoidable absence or unscheduled temporary additional duty. Officers unable to assume their scheduled watch will provide the Head, Military Personnel Services as much advance notification as possible in order to make the necessary stand-by arrangements.

i. Officers who are scheduled to take regular leave, separation leave and PTDY or to travel on Temporary Additional Duty will notify the Head, Military Personnel Services prior to the publication of the Watch Bill to allow for necessary changes to the Watch Bill. Notification should be made no later than the 15th day of the month prior to the month of the watch bill. Officers who wish to exchange duty for personal (non-emergency) reasons subsequent to the publication of the watch bill must

b. When an OOW accumulates a certain number of points, he/she will rotate off the Watch Bill. The minimum number of qualifying points may be increased or decreased periodically depending on the availability of Watch Officers.
